## **Mental Health Support**

If you are concerned about your health or the health of a friend or relative you can contact your doctor, or you may find useful information from one of the sources below.

In an emergency

- **Call 999**
- **Go to A & E (Accident and Emergency) at St. Johns or your local hospital**

If you are in crisis and need to speak to someone

- Call NHS 111 (for when you need help but are not in immediate danger)
- Contact your GP (doctor) and ask for an emergency appointment
- Contact the Samaritans - 0800 1111 or [www.samaritans.org](http://www.samaritans.org), email [jo@samaritans.org](mailto:jo@samaritans.org)
- Use the 'Shout' crisis text line – text SHOUT to 85258

If you need to contact the police and it's less urgent than 999, call 101, 101 is available 24 hours a day, 7 days a week.

You should call 101 if you want to talk to your local police officer, get crime prevention advice, or report a crime that does not need an emergency response, for example:

- if your car has been stolen
- your property has been damaged
- you suspect drug use or dealing
- you want to report a minor traffic collision, or
- you want to give the police information about crime in your area

### **Who else you can talk to**

If you find it difficult to talk to someone you know, you could:

- **call a GP** – ask for an emergency appointment
- **call 111** out of hours – they will help you find the support and help you need

### **Important**

#### **Is your life in danger?**

If you have seriously harmed yourself – for example, by taking a drug overdose – call 999 for an ambulance or go straight to A&E.

Or ask someone else to call 999 or take you to A&E.

#### **Tips for coping right now**

- try not to think about the future – just focus on getting through today
- stay away from drugs and alcohol
- get yourself to a safe place, like a friend's house
- be around other people
- do something you usually enjoy, such as spending time with a pet
