

University of St Andrews

To try and make sure students still have access to information about St Andrews, and in response to feedback, the university has created an “Applying from college” webpage for you.

Not all the information is St Andrew specific.

This will be an evolving resource over the year so keep checking back.

This webpage can be accessed via this link:

<https://www.st-andrews.ac.uk/study/applying-from-college/>

Virtual sessions may be arranged by groups. This should be arranged with the college..
