

Guide to information published by West Lothian College **under the Model Publication Scheme 2018**

Freedom of Information (Scotland) Act 2002 (FOISA)

Introduction

The Freedom of Information (Scotland) Act 2002 (FOISA) provides individuals with a right of access to all recorded information held by West Lothian College. Anyone can use this right, and information can only be withheld where FOISA expressly permits it.

FOISA requires West Lothian College to adopt and maintain a **publication scheme**, and to publish information in accordance with that scheme. A publication scheme is a document which describes the information the college publishes, tells the public where to find it, and whether there is a charge for it.

The Act also allows the Scottish Information Commissioner to prepare model publication schemes which can be adopted by a group of authorities¹. The Commissioner has developed the Model Publication Scheme 2018 ('MPS'), which is suitable for adoption by all public authorities, including Scottish colleges. You can find a link to the MPS below:

<http://www.itspublicknowledge.info/ScottishPublicAuthorities/PublicationSchemes/PublicationSchemesHome.aspx>

West Lothian College has adopted the Scottish Information Commissioner's MPS in its entirety, without amendment. This means that we are committed to publishing all the information we hold, which is described by the classes in the MPS.

Our Guide to Information

This document is the **Guide to Information** which West Lothian College makes available under the classes described in the MPS. It:

- allows the public to see what information is available in relation to each class
- states what charges may be applied
- explains how to find the information easily
- provides contact details for enquiries and to get help with accessing the information
- explains how to request information that has not been published.

¹ See section 24 of FOISA.

Alongside FOISA, the Environmental Information (Scotland) Regulations 2004 (the EIRs) provides a separate right of access to the environmental information that we hold. The MPS also covers environmental information.

About the Model Publication Scheme

The MPS set out eight broad classes of information, and by adopting it, West Lothian College is committing to publishing everything that it holds which falls into the broad description given for each class. The MPS classes are:

- Class 1: About the authority
- Class 2: How we deliver our functions and services
- Class 3: How we take decisions and what we have decided
- Class 4: What we spend and how we spend it
- Class 5: How we manage our human, physical and information resources
- Class 6: How we procure goods and services from external providers
- Class 7: How we are performing
- Class 8: Our commercial publications
- Class 9: Our open data

The MPS also describes the standards for e.g. copyright, charging, availability and formats, which an authority is committing to when it adopts the MPS – while this Guide sets out the specific arrangements we have made at West Lothian College.

Exempt information

If a document we publish contains information that is exempt under Scotland's freedom of information laws (for example sensitive personal information or a trade secret), we may remove or black out the information before publication but we will explain why. Note that information will only be withheld, however, where FOISA (or, in the case of environmental information, the EIRs) expressly permits it. If you wish to complain about any information which has been withheld from you, contact: Jennifer McLaren, Vice Principal, Finance & Corporate Services, West Lothian College, Almondvale Crescent, Livingston EH54 7EP

You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges for environmental information:

We do not charge for the time spent to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. However charges may be made for locating, retrieving and providing information to you.

In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. If you decide not to proceed with the request there will be no charge to you.

Requests for your own personal data:

Charges are calculated on the basis of the actual cost to West Lothian College of providing the information.

- Postage is charged at actual rate for first class mail.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.

Publication Timescale

In some of the Classes covered by the MPS, information is not published until it is formally approved, a process which may take some time after its initial creation in draft form. This applies especially to minutes of meetings, which are normally not available until approved by the next meeting in the sequence. The relevant timescales are published in the same locations and in the same form that the information will ultimately be published.
